From One Child to Another[®] was started by eight-year-old Natasha Leininger to help children in Uganda by hosting a Read-a-thon. In 2011, enough money was raised to build a school in Uganda which currently serves 500 children. In 2012, we were able to buy the land for Grace Children's Village. This year, schools and churches all over the nation are partnering with From One Child to Another and **Uganda Tree of Life Ministries** to start a children's village in Uganda for orphans and widows in desperate need of a home.

Join us, in this national event to make a difference, From One Child to Another!
